

**To:** Anthem Georgia Customers

**From:** Anthem Blue Cross and Blue Shield in Georgia

Anthem Blue Cross and Blue Shield in Georgia is very pleased to share that a new agreement has been reached that will keep Northside's hospitals, physicians and other outpatient locations in Anthem's network, effective July 1, 2022.

This agreement with Northside enhances our partnership by protecting accessibility and improving affordability, as well as creating cost sustainability moving forward. While we would have liked to have reached a resolution sooner, it was important that we reached an agreement that would allow Anthem's members to continue to access and receive quality care at Northside.

Our commitment from the start was to protect affordability, work to ensure quality for our members and foster health equity. We never wavered from that path. We want to thank Northside for their partnership and efforts to find common ground. We would also like to thank you, our customers, and members for your patience and understanding as we worked with Northside on your behalf.

Thank you all again for your patience and understanding during this process.
